 9th - BER 2 Beach
 Excursion
 - Yr 6 Flip Out
 Excursion

 10th - Yr 7 Graduation

Webex Assemblies
 2:15pm Friday Weeks 6
 and 8

From the Principal

LEST WE FORGET

This year, our School Leaders were unable to attend the Remembrance Day Service as they were on camp. Year 4 students, Alexa and Theryn represented BPS at the service, reading a passage and laying a wreath on behalf of the School. Congratulations to both Alexa and Theryn on the wonderful way in which you represented the school.

Illness

Please be reminded that we all need to do the right thing and keep children home when they are unwell to ensure we do not spread illnesses throughout the school. Students need to stay home from School for a minimum 24 hours after their last symptom. However, we appeal to you and strongly encourage you to keep your children home for 48 hours after their last symptom to ensure they are completely healthy upon return. If your child comes to school sick, or develops symptoms of illness throughout the day, we will contact you to collect them. Thank you for continuing to follow this SA Health, Department for Education and BPS directive.

Mobile Phones

While we understand that for various reasons, students need to bring mobile phones or other forms of technology (eg ipads, devices, ipods etc) to school, they must not have access to them throughout the school day. For students in Reception to Year 5, all devices must be handed into the front office on arrival at school. These will be stored securely and can be collected at the end of the school day.

Students in Rm 14a, 18 and 20 may hand their device into the classroom teacher who will lock it away during the school day. If students do not hand in their device, and use it during the school day, it will be taken from the child and kept in the office until the end of the day and you will be contacted.

Under no circumstances should a student need to contact you on a personal device throughout the day. If a student needs to make contact with parents, they must seek permission from a staff member.

**PLEASE
NO DOGS
ALLOWED**

Dogs on School Grounds

A reminder that dogs are not permitted on school grounds between the hours of 8:00 – 4:30pm without permission of the Principal. A number of staff and students do not feel safe around dogs and thus when they are brought into the school yard, even on a lead, they pose a safety risk.

While it is lovely to walk to school with your dog, you will either need to leave the dog with someone outside of the school yard while you walk your child to the classroom, or say goodbye to your child outside of the yard and allow them to walk independently. Dogs must not be tied up next to an entrance gate as this can pose a problem for students and their families entering the school.

End of Year Celebration

We hope you can join us for the End of Year Celebration on Monday 7th December. The event is a lovely way to celebrate a year of learning. The 11 Raffle hampers are drawn at this event. If you have not done so already, we ask you to please send in one item (non-perishable) per child to contribute to each classroom hamper. All donations can be dropped into the front office.

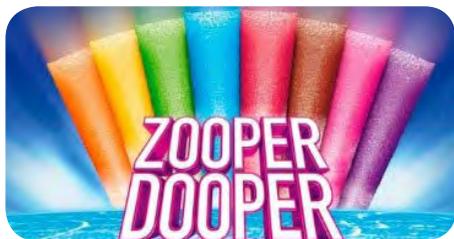

Additional raffle books can be collected from the Front Office. This is our final fundraiser for the year.

- Dianna

There has been a **change of date** for the **Governing Council** meeting to discuss the proposed 2021 charge.

The meeting is now one week earlier on

Tuesday 24th November at 6pm.

The SRC are pleased to announce that they are selling Zoooper Dooper's this term

**When: Recess time on Friday
Week 5, 6, 7 and 8**

Where: The Library

Cost: 50c each

STUDENT FREE DAY!

**Monday Week 7
23rd November**

Due to this only being a BPS closure, the school buses will still run for BHS, BCCC, OPS and HCS students.

Premiers reading challenge celebration will be held on the

**27th of November
(Friday Week 7)**

Due to the Owen Swimming Pool potentially not being available on this date we are organizing an alternative

day to be held at BPS. Stay tuned for more details.

Balaklava Primary School - 0477

Notice of Materials and Services Charges for 2021

Notice of Charges for All Students

HEADING	ITEMS AND SERVICES	COST (\$)

	\$0.00
	\$0.00
	\$0.00
	\$0.00

SCHOOL MATERIAL & SERVICE CHARGE 2020

The procedures for School Charges for 2021 remain as they have for the past years except for Polling families which will take place after the below meeting.

Inserted in this newsletter on Page 4 is a copy of the water-marked proposed 2021 Material and Service Charge notice which has been approved by DfE. This was sent out to family emails last Friday

We will be presenting this document to Governing Council on

Tuesday 24th November 2020, 6.00pm

in the staff room for approval. Should parents have any objection to the costs listed or wish to have any discussion about the charges, they are very welcome to attend this meeting.

If you are unable to attend the meeting, please forward in writing to the Principal or the Governing Council Chairperson, any comments pertaining to the charges.

If the charges are approved at this meeting, the 2021 M&S Charge for Balaklava Primary School will be \$265.00 per student. This represents NO INCREASE from 2020.

MATHS IN RM 7

Room 7 went shopping in the Foodland catalogue and then did some sums using flip blocks.

MUSIC NEWS

Meaning

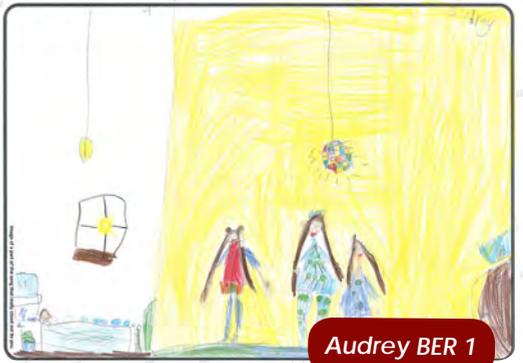

Room 8 and BER 1 have been learning about some of the history behind rock and roll through the song Splish Splash. Here are some brilliant pieces of art about the song.

Tamika Room 8 - He put his dancing shoes on.

Emily Room 8 - There was a party going on.

Harper BER 1 - He was taking a bath and he didn't know there was a party going on. Lolli Pop and Peggy Sue were there and they had the dancing bug. He (the main character) put his dancing shoes on and went and danced with them.

Music Makes Your Child Selfless

"In a landmark Canadian study, a team led by Dr Laura Cirelli researched whether an adult singing to or moving in time with a beat with an infant influenced that infant's behaviours." Although these two concepts seem worlds apart, Dr Cirelli discovered that when a stranger participated with the parent and the child in an activity that consisted of singing and moving to a beat, it assisted in forming a trusting bond which led to identifying later on when this stranger needed help and taking action.

By singing a familiar song, or reciting the lyrics to a familiar song or silently sitting nearby while the parent read the child a book, when the child saw Dr Cirelli drop a pencil whilst colouring, or dropped a peg while hanging up clothes, the child would assist them in retrieving the dropped item. This test was done on fourteen-month old children and as it turned out, "the children who were part of the song were far more likely to both see the problem and then take action to assist compared to infants who had not experienced these two preparatory activities".

Why is this important? Research has indicated that an individual is unlikely to help if others around them aren't offering their help either. This is called the bystander effect - South Australia is

an ageing population which means an increasing amount of older people are going to need the occasional helping hand. Music helps children make connections, interpret scenarios and act in a positive manner. I'm sure you've got someone in your family that will sit down and let you tidy up - it's a combination of misreading and lack of connections in your brain that tell them that you're totally fine with the cutlery or towels they've just dropped.

This research has begun to make sense of connections between infants and their family or tribe for millennia! The bond and connection tribes were creating through music allows children to feel empathy "and then agency to help others in our tribe." As it turns out, it doesn't matter what you sing to your child - just sing! You need to bake something? Sing out the ingredients and what steps you need to do. You need to vent about your older children not putting their plates away before leaving for school? Make up a tune and get those frustrations out. "Singing has been found to be an effective tool in treating postnatal depression, improving mood and moderating physiological symptoms of stress." - So what is there to lose? And the best thing is, just like different flavours develop your pallet, children need a taste of all the emotions so as to interpret meaningful conversations as they grow.

- Miss Monck

Riley from Rm 18 has drawn a picture of some students playing sports while the music student sits alone.

TECHNOLOGY

Community Garden

Several of the classes have visited the community gardens over the past few weeks. They have been learning about where food comes from, how it gets to their plate and how a plant grows.

Rm 7 sampled some peas

BER 1 had a nice chat with the chickens

Rm 8 investigating the worms

NANCY'S NEWS

Hello Everyone!

We are well into the swing of this last term of 2020 and what a busy time it is in the school! So much activity going on...

After planning and prepping for some Christmas crafts, we kicked this off in Week 4 and although it was not announced, it did not take long before the library was awash with students (I think that kids can smell craft from a mile away!) Lots of busy fun!

*We will continue craft in Weeks 6, 7, & 8.

I have mentioned in previous newsletters that a large part of my role at school is engaging with students and staff - in the classroom and the school yard. Many students are keen to say hello and have a chat. As much of pastoral care work is about engagement and role-modelling, building these relationships is so important. It has been great that these opportunities have steadily increased as the year has progressed. I know I have said it before, but it really is such a privilege to be a part of this school community! Psst...don't tell anyone else but I think I might actually have one of the best jobs in the world!!

FYI:

At Schools Ministry Group we place great emphasis on the Protective Three:

GRATEFUL - HOPEFUL - BRAVE

I am GRATEFUL for this school community.

I am HOPEFUL that 2021 will have many more opportunities to support you.

I feel BRAVE as we move towards a new year together.

I hope you all have a great week!

- Mrs G

LE FRANÇAIS

This week in French we have been focusing on the history of France and Australia for Remembrance Day. The children have been learning about the importance of the day and how France and Australia fought together. They have been making French poppies and designing their own French Remembrance Day bunting to hang around the French room. We also took a tour around L'Arc de Triomphe through google street view to look at the resting place of the Unknown Soldiers and also the Australian cemetery/memorial in Villiers - Bretonneux, France.

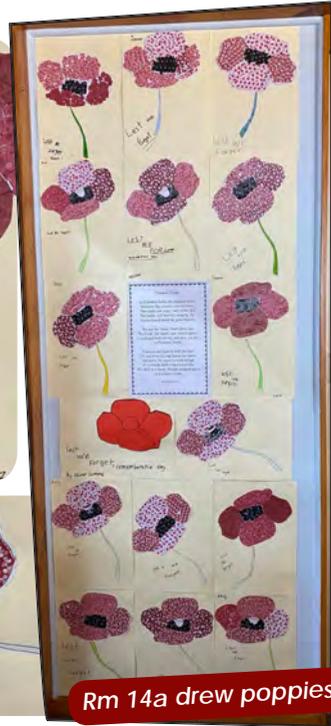

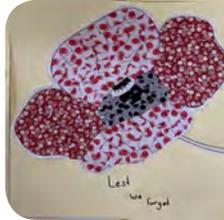

- Mrs Gardner

DONATED NETBALLS

The school's supply of netballs received a boost early in the week when Irene Toholke on behalf of the Long Plains Netball Club donated 20 netballs for our students to use in their PE lessons and at break times. Here we have some of our senior students, Kasey, Ben, Angus and Macy in various sporting poses! We greatly appreciate the donation.

REMEMBRANCE DAY

Rm 14a drew poppies

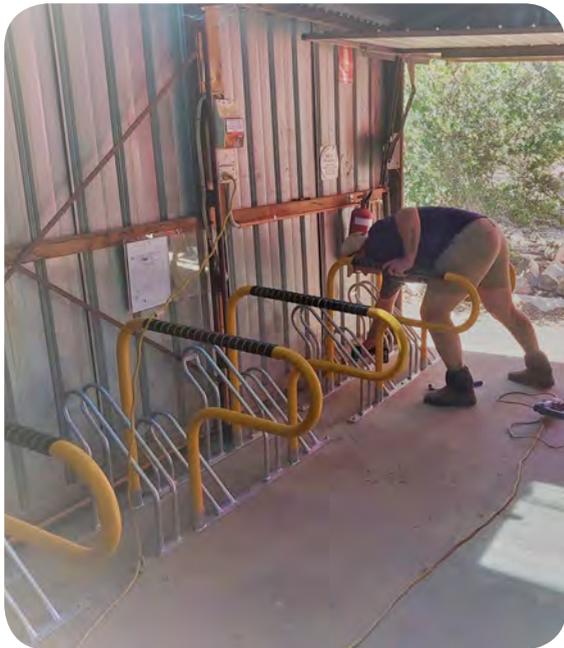

PAINTING PLANT POTS IN BER 3

Ber3 designed and painted pot plants and then used coloured paper to make a plant for the pot.

BIKE SHED

Work continues on our new bike enclosure with the bike and scooter racks secured to the cement floor. Thanks to volunteer Scott Davey for giving up his time to install the racks and to Geoff Gardner for assembling them. We are anticipating the new bike enclosure being operational from next week with the bikes and scooters being locked away during the school day. Students will use the bike path behind the BER building and walk their bikes and scooters across the asphalt. They will be following a newly painted bike lane alongside our basketball court. Our senior students will have the task of locking and unlocking the bike shed each day.

11 Christmas Hampers

Raffle

Each class is being asked to prepare a Christmas Hamper to be raffled and drawn at the

Week 9 End of Year Concert

DEC 7TH 2020

Donations of :

Christmas decorations, cans and jars of food, sweets, stationery, small gifts etc may be included.

NB: no second hand goods please

***** We would greatly appreciate each student donating one item towards their class hamper.

\$1 / ticket

Win a wonderful surprise just in time for Christmas Celebrations!

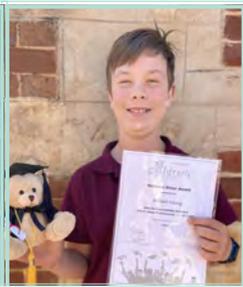

Booklets of tickets will be sent home for the students to sell and additional tickets will be available from the front office.

Tickets (sold & unsold) must be returned to the school with any money no later than Friday 6th Dec.

CHILDREN'S UNIVERSITY AWARDS

National Bronze Award for 30 hours: Ilka, Brianna, Ella and Ella

National Silver Award for 65 hours: William

National Gold Award for 100 hours: Caitlyn

National Bronze Diploma for 230 hours: Tyler

Ilka from the Children's University joined our assembly to celebrate the achievements of our Children's University members. Despite the challenges of 2020, this group of young learners have taken on new challenges beyond the borders of their classroom, and are broadening their horizons by seeking new possibilities and being involved in the many new experiences that unfold before them through participating in Children's University Adelaide. They join a wider group of almost 2000 students across the state who displayed resilience, motivation and a passion for learning new things. While a traditional graduation ceremony could not take place we were able to acknowledge these students success through a shared lunch and an in school graduation ceremony.

Congratulations Ilka, Brianna, Ella, Ella, William, Caitlin and Tyler

WORLD OF MATHS

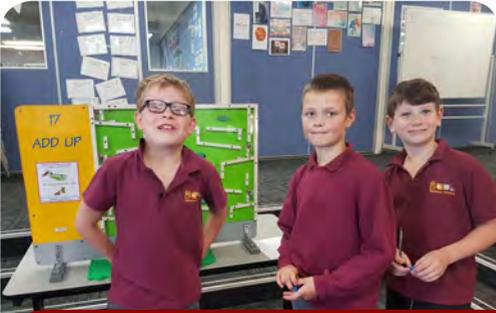

Last week all classes participated in the World of Maths Activities incursion.

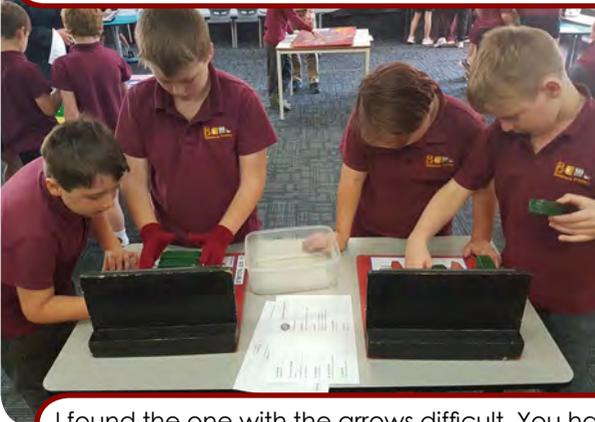

I liked the mouse trap one because you got to find out which ones didn't fit over the mouse - **Maya**

We did different types of maths games. I like the one where you had to measure the different letters - **Isabelle**

I liked the golf game called 'Add Up' because you got to try hit the ball into other spaces and then if you got a 5 you got full points. Because it was golf you wanted less points than everybody else - **Hudson**

I found the one with the arrows difficult. You had to lead santa through the shortest way to get to the presents. - **Maddy**

we played fishing but the lead broke, there was a side of blue and green and we had to put a thin stick in the thin side and the thick stick in the thick side - **Anthony**

RAA STREET SMART

Last week the RAA returned to school to speak to the UP classes about road safety and being street smart. We played reaction time games to see how fast we could be.

John - Limerick

John was at the top
He had a can of pop
He fell off the top and hit his head
So he had to stay in bed
While in bed he saw all the kids
on the top get arrested by a cop
- By Max

Haiku - Sleep

I like to sleep in
In my warm, soft, cozy bed
Leopard on my bed.
- By Riley

Haiku - Motorbikes

I like motorbikes
They are so much fun to ride
I ride them all day
- By Dean

POETRY IN RM 18

Ballet - Limerick

Molly once studied ballet.
She liked to show off her plie'.
Which got some attention
Which she failed to mention.
She quit the class after a melee.
- By Lily

Bearded Dragon - Haiku

They are hard and tough
They like to bathe in the sun
They eat cockroaches
- By Keaton

Haiku - Food

Jessie is hungry
Can you please give her some food?
I want chocolate
- By Courtney

Similes by Molly

Cool as a cucumber
As slow as a snail
Quiet as a mouse
Cold as ice

Haiku - Sheep

Sheep are very soft,
They are fluffy like a cloud,
They walk on four legs.
- By Emily

Haiku - Nature

The wind blows around,
Leaves slowly fall to the ground,
Not making a sound.
- By Flynn

Birds - Haiku

The bird likes to sing
And annoy everybody
All day everyday
- By Angus

Rm 6 & 7 Zoo Visit

Georgia at the Otter Enclosure

Millah with a meerkat

Recently Rooms 6 & 7 students spent a day at the zoo. The weather was perfect and everyone had an enjoyable, busy and tiring day viewing the exhibits. Many new animals were 'discovered' and a few favourites were revisited. It doesn't matter how many times you go to the zoo, there is always something new to look at and learn. Thankyou to our many helpers. We appreciated your generosity of time and travel. A special thankyou to Pengilly Rural Carriers for your support.

- Marcia Nowlan, Alice Williams & Ro Wood

Adam, Georgia, Millah, Temperance, Declan, Leon, Sally and Miss Nowlan

Sally on the slide

SAPSASA NETBALL

Mid-North Softballers a strong third in State Carnival

Last week the Mid-North District Softball team played in Adelaide in the SAPSASA State Softball Carnival and came third with only two losses for the week! With girls from Clare High School, St. Joseph's – Clare, Horizon Christian School and Balaklava Primary School, we were fortunate to have 1 player, Ashia Scott, who already played softball in Gawler, though all the girls quickly picked up the skills and strategies and were a very competitive team in the stronger Division 2 competition.

On Monday we played Onkaparinga North and Ashia hit a home run early on to set up the team for a 15 to 11 win. Eliza Fels started off pitching confidently and accurately and Abbie Skinner read the play well, stealing bases and putting pressure on the opposition fielders. The girl's devised a winning team chant and circular dance which was proved to be very popular and became a fixture because of our many wins to come. In the second game, against Riverland, a former Division 1 team, Ashia's accurate, fast pitching and Zoe Pawelski's safe catching resulted in an 11-9 win featuring two scoreless innings from our fielding.

On a very warm Tuesday, we played after lunch against a strong city team, Tea Tree Gully in a tight game for two innings but the opposition pulled away with strong hitting to defeat us 16 to 10 in the girl's first loss for the week. Madi Ah Chee featured taking advantage of base running opportunities and again Zoe was reliable in catching. The second game against Lower South East saw our biggest scores with an unbeaten 7 runs in every innings and keeping the opposing team to zero, one, zero and four runs respectively to win 23 to 5. Hannah Neill hit very confidently and Lucy Pym hit a number of big hits down the third base line to bring runners home. Excellent pitching by our opening pitcher Eliza and closing pitcher, Jasmin set up our superior fielding in the game.

Wednesday was a cold, rainy day and in the first game we defeated Murray Mallee 20 to 9 which featured a top line drive hit by Alex Sandow down the line with quick base running which forced errors from the fielders. The second game against Mid South East went down to the wire as at we finished three even innings with 15 minutes

left and down 11-10. In that remaining time, we quickly scored 5 runs via a long, deep outfield hit from Zoe with multiple runners on base. With less than 4 minutes to go, thanks to Eliza's accurate pitching and Claudia Burton's safe catching, we got two outs at first and a strike-out to send them 3 up and 3 down and a 15 to 11 win. In the final game we came up against the undefeated Gawler/Playford side with an amazingly fast pitcher and big hitters which really tested our fielders, particularly our outfield. Zoe and Poppy Wilson adapted well to the quick pitches and got hits while Claudia, Alex, Madi and Poppy all read the pitching to get walks and made it around the diamond to score runs, resulting in a 4-13 loss.

The last day, Thursday saw the team again victorious against the Hills team 14 to 12 in a close, even game with a double play on both sides and continued strong batting by Claudia and Poppy. The strong pitch/catcher combinations of Jasmine and Abbie and then later Eliza and Claudia, set the team up with quick plays to first base and subsequent outs.

Overall the girls bonded well to learn new skills in a new sport for almost all of them and became an efficient and successful team while having a great time.

- Marty Brice

Mid-North District Softball Coach/Manager

The Team performing their 'Victory Dance'

MATHS AT BPS

Basic place value activity

Using a 100 grid you can ask the following questions to help your child gain a better understanding of number 'place value'. (You can download one from the [speld website](#).) Ask your child 'what number am I?'

- *I have 3 in the tens place and 5 in the ones place. (answer 35)*
- *I have 6 in the tens place and 4 in the ones place.*
- *I have 9 in the hundreds place and 3 in the tens place and 0 in the ones place.*

You can keep building these up to include thousands, or keep it to two digits depending on the ability of your child.

Maths ideas for R-7 students

- *I started on 19 and added 9. What number did I finish on?*
- *I started on 50 and counted back 8. What number did I finish on?*
- *I started on 23 and added 10, and added 10 more. What number did I finish on?*
- *I started on 68 and added 5, added 10, added 3, subtracted 16. What number did I finish on?*

You can increase or decrease the numbers you add or subtract depending on the ability of your child.

10 Ways to Motivate Your Child to Learn

1. *Fill your child's world with reading.*
2. *Encourage him to express his opinion, talk about his feelings, and make choices.*
3. *Show enthusiasm for your child's interests and encourage her to explore subjects that fascinate her.*
4. *Provide him with play opportunities that support different kinds of learning styles — from listening and visual learning to sorting and sequencing.*
5. *Point out the new things you learn with enthusiasm.*
6. *Ask about what he's learning in school, not about his grades or test scores.*
7. *Help your child organize her school papers and assignments so she feels in control of her work.*
8. *Celebrate achievements, no matter how small.*
9. *Focus on strengths, encouraging developing talents.*
10. *Turn everyday events into learning opportunities.*

How to help your child with literacy skills

Young children

- Sing songs and nursery rhymes
- Read to children
- Label objects in your home
- Look at letterboxes and street names when out walking
- Look at the numbers on the remote control and encourage children to find the numbers you say
- Play with blocks and building objects and talk about what you are doing eg. I am putting a red block on top of my green block
- Allow children time to paint with different colours. Talk about how the trees are green and brown, and the sky is blue and we have white clouds etc
- Let children play in the sand pit and encourage conversations eg. Your sand castle is very big, mine is only small. Can you make 2 tunnels?

For older children

- Play word games, eg can you find a word that rhymes with mat?
- Point out and talk about the meaning of new words when reading. Ask questions about what you are reading to check children understand what they are reading?
- Ask children to find certain letters, words or numbers on a page when reading. Eg can you find the letter b, can you find the word when?
- Ask children how they felt about a character or something a character did in a book
- Read books and complete lexile quizzes on them
- Use the community library over the holidays to access more books or magazines
- Ask your child to keep a diary or journal of a holiday you go on. This may include pictures, photos, writing and souvenirs. This could be on a computer or hand written

BCCC VISIT

Balaklava Community Children's Centre visited our school last week on Monday and Wednesday. The Rooms 6 & 7 students gave them a guided tour.
